C C
And I don't think we can solve them
g g
You made a really deep cut
G G
And, baby, now we got bad blood, hey

1. C C
Did you have to do this?
C C
I was thinking that you could be trusted
g g
Did you have to ruin what was shiny?
G G
Now it's all rusted
C C
Did you have to hit me where I'm weak?
C C
Baby, I couldn't breathe
g g
And rub it in so deep
G G
Salt in the wound like you're laughin' right at me

C C
Oh, it's so sad to
C C
Think about the good times
g G g G
You and I

Still got scars on my back from your knife
g g
So don't think it's in the past
G G
These kinda wounds, they last and they last
C C
Now, did you think it all through?
C C
All these things will catch up to you
g g
And time can heal, but this won't
G G
So if you're comin' my way, just don't

Oh, it's so sad to . . .
